

# Success Story

## Challenges

Deliver Consistent Induction Training

Ensure Training is Relevant as per the Role

Improve Reporting & Data Analytics

## Solution

### Off-the-Shelf eLearning

Gulf Oil uses Plethora's off-the-shelf eLearning courses & videos (sourced from Cegos) along with internally developed & translated training content to provide a completely localized learning environment to its learners.

### Induction Training

Gulf Oil's Induction Training eLearning modules are available to their new recruits, empowering them to be productive from day one.

### Competency Management

Gulf Oil assured learners with on-time delivery of induction & role-based compliance training courses.

### Compliance Assurance

Gulf Oil was empowered to map proficiency levels of Functional & Leadership competencies to the job roles designed for its employees.

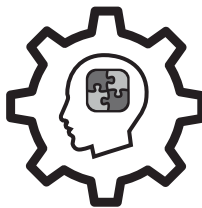

### Multi-lingual Support

Learning made available in multiple languages to ensure that Gulf Oil's learners are able to learn with ease & comfort of their local language.

## Results

Improved Competency

Enhanced Compliance

Uninterrupted Learning Experience
